Vol. VIII, No. 7

July 1964

JUNE UNIFORM PRICE \$3.62

Dairy farmers will receive a uniform price of \$3.62 for June 1964 deliveries of Grade A milk to handlers under the South Bend-LaPorte-Elkhart, Indiana, milk order. The uniform price is based upon a butterfat test of 3.5 percent, and will be adjusted by a differential of 7 cents for each one tenth percent that tests vary above or below the 3.5 percent standard. The minimum price is subject to a 4 cent per hundredweight marketing service deduction, together with the authorized hauling charge. This price is 2 cents higher than the May 1964 price and is 4 cents higher than the computed uniform price of a year ago.

PRODUCER RECEIPTS

A comparison of average daily producer receipts shows a decline of 5 percent from May 1964, but is almost the same as June of 1963. Average daily herd production dropped 54 pounds per producer from the May 1964 delivery period, but is 81 pounds more than June of 1963. One of the lowest average test of producer milk was recorded for the month of June. Over the past few years, the general trend has been for lower testing producer milk. This is also the case of Class I products being sold.

ORDER CHANGE

A final decision on amendments to 76 orders concerning the treatment of inter-order and unregulated milk in the various orders was issued June 19, 1964. These amendments are awaiting final approval by the producers in the respective markets and will become effective when approved, possibly by August 1, 1964. An extension of time for filing exceptions to the recommended decision issued May 26, 1964, has been granted to August 1, 1964. This is the second such extension of time for the amendments to the South Bend-LaPorte-Elkhart, Indiana, marketing area and the Chicago marketing area.

CLASS I PRICE

The Class I price for the July 1964 delivery period will be \$4.19 per hundredweight for 3.5 percent milk. The price was computed by adding \$1.10 per hundredweight to the basic formula price (\$3.11), minus the 2 cent supply-demand adjustment. The supply-demand adjustment for the August 1964 delivery period will be a minus 6 cents.
